Asian Philosophies Dec 11 2021 With an inside view from an expert in the field, solid scholarship, and a clear and engaging writing style, Asian Philosophies invites students and professors to think along with the great thinkers of the Asian traditions. John M. Koller is a scholar and teacher who has devoted his life to understanding Asian thought and practice. He wrote this text to give students and professors access to the rich philosophical and religious ideas of both South and East Asia.

Hermeneutische Grundstrukturen frühchristlicher Bekenntnisbildung 2021 Der Prozess der Entstehung und dogmatischen Fixierung christlicher Glaubensbekenntnisse (Kurzfassungen zentraler Glaubensinhalte wie im Apostolicum, Nicaeno-Konstantinopolitanum u.a.) ist frühestens zu Beginn des 7. Jh. abgeschlossen. Bisher v. a. unter ereignisgeschichtlich-genetischen Gesichtspunkten (Text- und Sinnabhängigkeiten) untersucht, geht diese Arbeit den hermeneutisch-generativen Grundstrukturen des Bekenntnisbildungsprozesses nach (Beweggründe). Dabei zeigt sich ein eindeutig heilsgeschichtliches Anliegen frühchristlicher Bekenntnisbildung: die Selbst-Erschließung Gottes zwischen Schöpfung, Erlösung und Erfüllung.

The Origins & Development of Classical Hinduism May 04 2021 Modelled on A.L. Basham's monumental work The Wonder That Was India, this account of the Origins and Development of Classical Hinduism represents a lifetime of reflection on the subject, and offers an intriguing introduction to one of the richest of all Asian traditions. The late A. L. Basham was one of the world's foremost authorities on ancient Indian culture and religion. Modelled on his monumental work The Wonder That Was India, this account of the origins and development of classical Hinduism represents a lifetime of reflection on the subject, and offers an intriguing introduction to one of the richest of all Asian traditions. Synthesizing Basham's great knowledge of the art, architecture, literature, and religion of South Asia, this concise history traces the spiritual life of India from the time of the Indus Culture through the crystallization of classical Hinduism in the first centuries of the common era, and includes a final chapter by the editor, Kenneth G. Zysk, on Hinduism after the classical period. Uniquely comprehensive, it chronicles as well the rise of other mystical and ascetic traditions, such as Buddhism and Jainism, and follows Hinduism's later incarnations in the West. With its vivid presentation of Hinduism's sources and its clearly written explanations and analyses of the major Hindu texts-among them the Rg-veda, the Brahmanas, Upanisads, and the Mahabharata and Ramayana-The Origins of Classical Hinduism clarifies much of Hinduism's enduring mystique. Offering an especially helpful bibliography, numerous illustrations of Hindu art never before published, and a lucid, accessible style, this book is must reading for anyone who has ever been intrigued by this fascinating religion.

Jihadism May 24 2020 This book deals with the evolution of jihadism in the past centuries and its impact on the world as an existential threat to the humanity in view of worldwide terrorist attacks with its aggression, brutality and savagery while imperiling the democracy, secularism, plurality, freedom, and security of the civilized world.

Striking a Balance Apr 22 2020 An introduction to Asian ethics, drawing from classical and contemporary Asian literature to demonstrate the major ethical teachings of Hinduism, Buddhism, Zen Buddhism, Taoism, and Confucianism.

A Guide to Oriental Classics Jun 17 2022 A Guide to Oriental Classics

The Hindu Quest for the Perfection of Karma Mar 22 2022 "A lucid, thorough and fresh exploration of the material. This is an exceedingly helpful study and may be the best single textbook on the subject. Previously, there was little of note in between inadequate introductions to Hindu thought and the more specialized primary or secondary

materials. Organ is a competent philosopher and presents the 'Hindu quest' in a scholarly and readable form...it is a key book for undergraduate libraries and would be an invaluable asset in a course which dealt seriously and at any length with the Hindu tradition. Excellent bibliography." --Choice "This is not just another book on Hinduism, but a source of systematic information..." --Bibliography of Philosophy "This scholarly and perceptive account makes Hindu beliefs and practices intelligible by showing how the contradictions which have puzzled Westerners are rooted in Human Diversity." --The Review of Metaphysics

The Deeper Dimension of Yoga Jul 06 2021 "Here is a comprehensive survey of the full breadth and depth of the 5,000-year-old Yoga tradition, emphasizing its potent philosophy and spiritual vision. Georg Feuerstein demonstrates that Yoga is much more than a system of physical exercises—it is a profound path of self-transformation that encompasses a range of teachings, practices, and sacred texts that can help us cultivate wisdom, balance, and inner freedom, as well as physical health. Feuerstein is one of the few Western scholars of Yoga whose writing and teaching penetrate the full richness and depth of this ancient tradition. Here he offers a collection of essays touching on all facets of the discipline. Topics include: • The different branches and styles of Yoga • The ethical teachings of Yoga • Yoga and vegetarianism • Meditation and mantras • Choosing a teacher • Tantric Yoga • The experience of ecstasy

Truth and Governance May 16 2022 Taking the long view of conflicts between truth and political power What role does truth play in government? In context of recent political discourse around the globe—and especially in the United States—it is easy to believe that truth, in the form of indisputable facts, is a matter of debate. But it's also important to remember that since ancient times, every religious and philosophical tradition has wrestled with this question. In this volume, scholars representing ten traditions—Western and Eastern, religious and secular—address the nature of truth and its role in government. Among the questions they address: When is deception permissible or even a good thing? What remedies are necessary and useful when governments fail in their responsibilities to be truthful? The authors consider the relationship between truth and governance in democracies, but also in non-democratic regimes. Although democracy is distinctive in requiring truth as a fundamental basis for governing, non-democratic forms of government also cannot do without truth entirely. If ministers cannot give candid advice to rulers, the government's policies are likely to proceed on false premises and therefore fail. If rulers do not speak truthfully to their people, trust will erode. Each author in this book addresses a common set of issues: the nature of truth; the morality of truth-telling; the nature of government, which shapes each tradition's understanding of the relationship between governance and truth; the legitimacy and limits of regulating speech; and remedies when truth becomes divorced from governance. **Truth and Governance** will open readers' eyes to the variety of possible approaches to the relationship between truth and governance. Readers will find views that thought self-evident challenged and will come away with a greater understanding of the importance of truth and truth-telling, and of how to counter deliberate deception.

The Light of Consciousness Jan 12 2022

Building Belief Sep 27 2020 It can be hard to share faith with others, especially when people can't agree on whether there is even any actual truth. With that in mind, Chad Meister has developed a simple, logical way for you to help others move past relativism to a place where Christian belief makes sense: the Apologetics Pyramid. In **Building Belief**, Meister leads you up each step of the pyramid, beginning where many find themselves today--doubting if anything is really true. From there, he powerfully builds a case for absolute truth, the existence of God, universal morals and values, the reliability and divine inspiration of the Bible, the resurrection of Christ, and ultimately, the good news that Jesus is the Son of God who offers salvation to the world.

A Bibliographic Guide to the Comparative Study of Religions Oct 09 2021 This bibliography is the culmination of four years' work by a team of noted scholars; its annotated entries are organized by religious tradition and cover each tradition's central concepts, offering a judicious selection of primary and secondary works as well as recommendations of cross-cultural topics to be explored. Specialists in the history and literature of religions and comparative religion will find this bibliography a valuable research tool.

The Divine Library Sep 08 2021 Succinctly describes 140 sacred texts, dating from the earliest times to the present, in relation to the cultures that created them.

Handbook of Translation Studies Jul 26 2020 Up to now, the **Handbook of Translation Studies (HTS)** consisted of four volumes, all published between 2010 and 2013. Since research in TS continues to grow and expand, this fifth volume was added in 2021. The HTS aims at disseminating knowledge about translation, interpreting, localization, adaptation, etc. and providing easy access to a large range of topics, traditions, and methods to a relatively broad audience: not only students who prefer such user-friendliness, but also researchers and lecturers in Translation Studies, Translation & Interpreting professionals, as well as scholars and experts from other adjacent disciplines. All articles in HTS are written by specialists in the different subfields and are peer-reviewed.

Handbook of Hindu Mythology Aug 07 2021 Unlike many other ancient mythologies, Hinduism thrives in the modern world. One billion followers and countless others have been captivated by its symbolic representations of love, karma, and reincarnation. Handbook of Hindu Mythology offers an informative introduction to this daunting complex mythology of multifaceted deities, lengthy heroic tales, and arcane philosophies—all with a 3,000-year history of reinterpretations and adaptations. Williams offers a number of pathways by which to approach Hinduism's ever-changing gods and goddesses (e.g., Brahmā, Vishnu, Siva), spiritual verses (such as the vedas), secular epics (including the Rāmāyana and the Mahābhārata), myths within myths, devotional and esoteric traditions, psychic and yogic disciplines, and magical practices. With this handbook, readers can explore the history of Hindu mythology, follow a detailed timeline of key episodes and historical events, and look up specific elements of historical or contemporary Hinduism in a beautifully illustrated reference work. It is the ideal introduction to the origins of Hinduism, the culture that shaped it from antiquity to the present, and the age-old stories, ideas, and traditions that speak to the human condition as eloquently today as ever. Including annotated bibliographies, a glossary of cultural and mythological terms, and numerous illustrations, here is a gold mine of information on Hindu mythology.

The Principal Upanishads Jan 24 2023 Hindu philosophical classics.

The Bloomsbury Research Handbook of Indian Ethics Sep 20 2022 Featuring leading scholars from philosophy and religious studies, The Bloomsbury Research Handbook of Indian Ethics dispels the myth that Indian thinkers and philosophers were uninterested in ethics. This comprehensive research handbook traces Indian moral philosophy through classical, scholastic Indian philosophy, pan-Indian literature including the Epics, Ayurvedic medical ethics, as well as recent, traditionalist and Neo-Hindu contributions. Contrary to the usual myths about India (that Indians were too busy being religious to care about ethics), moral theory constitutes the paradigmatic differentia of formal Indian philosophy, and is reflected richly in popular literature. Many of the papers make this clear by an analytic explication that draws critical comparisons and contrasts between classical Indian moral philosophy and contemporary contributions to ethics. By critically addressing ethics as a sub-discipline of philosophy and acknowledging the mistaken marginalization of Indian moral philosophy, this handbook reveals how Indian contributions can illuminate contemporary philosophical research on ethics. Unlike previous approaches to Indian ethics, this volume is organized in accordance with major topics in moral philosophy. The volume contains an extended introduction, exploring topics in moral semantics, the philosophy of thought, (metaethical and normative) ethical theory, and the politics of scholarship, which serve to show how the diversity of Indian moral philosophy is a contribution to the discipline of ethics. With an overview of Indian moral theory, and a glossary, this is a valuable guide to understanding the past, present and future research directions of a central component of Indian philosophy.

The Routledge Handbook of Literary Translation Mar 14 2022 The Routledge Handbook of Literary Translation provides an accessible, diverse and extensive overview of literary translation today. This next-generation volume brings together principles, case studies, precepts, histories and process knowledge from practitioners in sixteen different countries. Divided into four parts, the book covers many of literary translation's most pressing concerns today, from teaching, to theorising, to translation techniques, to new tools and resources. Featuring genre studies in which graphic novels, crime fiction, and ethnopoetry have pride of place alongside classics and sacred texts, The Routledge Handbook of Literary Translation represents a vital resource for students and researchers of both translation studies and comparative literature.

The Thirteen Principal Upanishads Jan 20 2020

The Principal Upanisads Feb 25 2023

The Upanisads Mar 02 2021 The Upanisads are among the most sacred foundational scriptures in the Hindu religion. Composed from 800 BCE onward and making up part of the larger Vedic corpus, they offer the reader "knowledge lessons" on life, death, and immortality. While they are essential to understanding Hinduism and Asian religions more generally, their complexities make them almost impenetrable to anyone but serious scholars of Sanskrit and ancient Indian culture. This book is divided into five parts: Composition, authorship, and transmission of the Upanisads; The historical, cultural, and religious background of the Upanisads; Religion and philosophy in the Upanisads; The classical Upanisads; The later Upanisads. The chapters cover critical issues such as the origins of the Upanisads, authorship, and redaction as well as exploring the broad religious and philosophical themes within the texts. The guide analyses each of the Upanisads separately, unpacking their contextual relevance and explaining difficult terms and concepts. The Upanisads: A Complete Guide is a unique and valuable reference source for undergraduate religious studies, history, and philosophy students and researchers who want to learn more about these foundational sacred texts and the religious lessons in the Hindu tradition.

Tragic Views of the Human Condition Oct 29 2020 Can tragic views of the human condition as known to Westerners through Greek and Shakespearean tragedy be identified outside European culture, in the Indian culture of Hindu epic drama? In what respects can the Mahabharata epic's and the Bhagavadgita's views of the human condition be called 'tragic' in the Greek and Shakespearean senses of the word? Tragic views of the human condition are primarily embedded in stories. Only afterwards are these views expounded in theories of tragedy and in philosophical anthropologies. Minnema identifies these embedded views of human nature by discussing the ways in which tragic stories raise a variety of anthropological issues—issues such as coping with evil, suffering, war, death, values, power, sacrifice, ritual, communication, gender, honour, injustice, knowledge, fate, freedom. Each chapter represents one cluster of tragic issues that are explored in terms of their particular (Greek, English, Indian) settings before being compared cross-culturally. In the end, the underlying question is: are Indian views of the human condition very different from Western views?

Buddha and Christ Feb 01 2021 A study in comparative literature, provides some fascinating parallels between the birth stories of Jesus and of Buddha, discusses the nature of the indebtedness of the gospel traditions to Indian religions, and demonstrates that the gospel writers knew Indian religious tradition in the Gnostic context.

The Principal Upanishads Apr 27 2023 Believed to hold the secrets of unseen reality, The Upanishads are the most ancient of the Hindu texts. They hold the secrets of the divine and have inspired generations of devotees by their vision and inexhaustible spiritual powers. Now everyone, from serious scholars to spiritual seekers, can glimpse into the texts that have shaped a vital spiritual history.

Christian Apologetics Feb 19 2020 World-famous apologist Norman Geisler offers a new edition of his bestselling apologetics text, which has sold consistently for over thirty years (over 125,000 copies sold). This edition has been updated throughout and includes three new chapters. It offers readers a systematic approach that presents both the reasons and the methods for defending the claims of Christianity. Topics covered include deism, theism, Christ's authority, and the inspiration of the Bible.

Dhammapadam Dec 23 2022

Imagine There's No Heaven Jun 24 2020 The historical achievements of religious belief have been large and well chronicled. But what about the accomplishments of those who have challenged religion? Traveling from classical Greece to twenty-first century America, *Imagine There's No Heaven* explores the role of disbelief in shaping Western civilization. At each juncture common themes emerge: by questioning the role of gods in the heavens or the role of a God in creating man on earth, nonbelievers help move science forward. By challenging the divine right of monarchs and the strictures of holy books, nonbelievers, including Jean-Jacques Rousseau and Denis Diderot, help expand human liberties, and influence the early founding of the United States. Revolutions in science, in politics, in philosophy, in art, and in psychology have been led, on multiple occasions, by those who are free of the constraints of religious life. Mitchell Stephens tells the often-courageous tales of history's most important atheists—like Denis Diderot and Salman Rushdie. Stephens makes a strong and original case for their importance not only to today's New Atheist movement but to the way many of us—believers and nonbelievers—think and live.

Causality Jun 05 2021 This book examines the concepts of cause and effect from two dimensions. The first concerns the macrocosm of the Universe and how each belief system views creation. The second dimension explores the ways in which beliefs about creation influence the microcosmic world in terms of the nature of the self, the proximate goals within each system, the answers each belief system offers to the presence of evil and suffering in existence, and ideas about the ultimate goal of release from them. All these ideas inform and are fundamental to the understanding of the present-day practices of different faiths, presenting challenges for scriptural testimony balanced with existential living. The final two chapters explore current research in physics concerning the beginnings of the cosmos and what implications such research might have for existence within it, with the final chapter examining scientific views of the nature of the self. Contents include: Judaic and Christian Traditions. Islam. Hinduism. Early Buddhism. Sikhism. Classical Taoism. Recycled Stardust. Ashes to Ashes and Dust to Atoms: The Life and Death of the Self.

Nationalism in India Dec 31 2020 This book offers interdisciplinary perspectives on nationalism in India and examines the ways in which literary-textual representations intervene in debates regarding Hindu, Muslim and other forms of Indian nationalism. The book interrogates questions of nationalism and nationhood in relation to literary and cultural texts, historic-linguistic contexts and new developments in queer nationalism and ecological nationalism. It adopts a nation-wide emphasis, including chapters on Northeast India and other regions that have been historically underrepresented in studies of Indian nationalism. Moreover, the volume explores a rich variety of literary works by various writers over the past two centuries that have created, enshrined and contested ideas pivotal to the development of Indian nationalism. Located in a range of disciplines, contributors bring extensive

expertise in Indian literature, language and culture to the question of nationalism. The chapters challenge many of the accepted ideas on nationalism and critically examine the politics behind such nationalisms. Moving beyond an approach to Indian nationalism based exclusively in the historicist-political paradigm, this timely book challenges established ideas in Indian nationalism and critically examines the politics of nationalisms in terms of textual representations. The book will be of interest to researchers working on South Asian studies, including Indian culture, history, literature and politics.

Two Birds in a Tree Nov 29 2020 The Higher Reality of Business The health of business is inextricably linked with the health of humanity and nature. But our current approaches to leadership treat business as entirely separate—and the result has been recurring economic, environmental, and human crises. In this extraordinary book, Ram Nidumolu uses evocative parables and stories from the ancient Indian wisdom texts, the Upanishads, to introduce Being-centered leadership. This new kind of leadership is anchored in the concept of Being, the fundamental reality that underlies all phenomena. Being-centered leaders are guided by an innate sense of interconnection—the good of the whole becomes an integral part of their decisions and actions. Using the experiences of over twenty trailblazing CEOs, as well as those from his own life, Nidumolu describes a four-stage road map every aspiring leader can use to reconnect business to the wider world—to the benefit of all.

The Principal Upanisads Mar 26 2023 The Upanisads, the basic philosophical texts of Hinduism, represent the height of Vedic philosophy. Many of the older Upanisads can be dated in the eighth and seventh centuries BCE. This newly reissued scholarly work by S. Radhakrishnan, first published in 1953 and long out of print, contains in full the classical Upanisads, those commented on or mentioned by the eighth-century Indian philosopher Shankara. The Sanskrit text, transliterated into Roman script, is followed, verse-by-verse, with an English translation. The volume also includes a commentary on the argument, notes on the vocabulary, and a very detailed introduction by Dr. Radhakrishnan.

Recovering the Soul Mar 22 2020 Provides an alternative view of human consciousness--a theory of mind and being independent of matter, time and space.

Yoga Apr 03 2021 Die philosophische Lehre des Yoga betrifft den Geist ebenso wie den Körper, ja spannt beide zusammen, um zur Vervollkommnung des Menschen zu führen. Während in manchen traditionellen Schulen die körperlichen Übungen eine rein dienende Funktion hatten, drohen sie heute zum Selbstzweck zu werden. Vanamali Gunturu beschreibt die Geschichte des Yoga vom Yogasutra des Patanjali bis zum modernen Hathayoga und zeigt, wie zentral auch heute die Philosophie des Yoga für die Praxis ist.

Explore Hinduism Oct 21 2022 This book studies the diverse and often competitive strands of Hindu traditions, Hindu festivals and life-cycle rituals and examines them in the context of globalized religions.

Yoga, Karma, and Rebirth Apr 15 2022 For serious yoga practitioners curious to know the ancient origins of the art, Phillips lays out the philosophy of action, knowledge, and devotion, as well as the processes of meditation, reasoning, and self-analysis, that formed the basis of yoga in ancient and classical India.

A World Religions Reader Jul 18 2022 A comprehensive and accessible textbook which explores the traditions and beliefs of the world's living religions - the fully updated and revised new edition The World Religions Reader is an inclusive, student-friendly examination of the history, teaching, practices, and appeal of the world's major religions. Covering both the fundamentals and complexities of each religious tradition, this popular textbook brings together significant texts from scriptures and scholars, as well as writings from philosophers and other significant thinkers throughout history. Students are provided with an introduction and overview of the tradition, taken through its primary texts, and presented with a text which seeks to persuade the student of the tradition's merit. This new edition has been thoroughly updated to be even more accessible for students new to interreligious engagement and to reflect current trends and developments in religions worldwide. Every chapter opens with a substantial overview which orients the new student and then flows into a carefully chosen set of texts - a regular textbook is now combined with a Reader. New content examines areas such as the Rastafarian tradition, while revised chapters cover secular humanism and indigenous and emerging religious traditions. The methodology of the book focuses on an empathetic approach - representing each tradition from the perspective of a conventional adherent - enabling students to develop understanding of each tradition and appreciate similarities and differences in their most typical forms. Invites students to study each tradition from the perspective of a follower aiming to understand why the tradition is popular and powerful Explores representative passages, world-views, rituals and institutions, ethical expressions and modern outlooks for each religion Features discussions of interfaith perspectives on the role of women in religious traditions and the impact of world events and politics on interfaith communication Encourages students to consider questions of truth, the relation of religion and society and the changing nature of a tradition in the modern world Includes a complete set of pedagogical tools and instructor resources, including end-of-chapter fact sheets, topic summaries, key term sections, and essay and

discussion questions The World Religions Reader, Fourth Edition is an ideal textbook for undergraduate and graduate courses in religion, especially for liberal arts and non-affiliated colleges, as well as general readers wishing to increase their knowledge of the world's religious traditions.

"Das bist du!" Dec 19 2019

Der Heros in tausend Gestalten Aug 19 2022 Luke Skywalker, Buddha, Herakles, Wotan und der Froschkönig ... Sie gehen auf einen Grundtyp des Heros zurück und folgen den Stationen der Heldenreise wie sie Joseph Campbell in seiner mythologischen Studie beschrieben hat, die erstmals 1949 veröffentlicht wurde und seitdem weltweit Millionen von Lesern hat. Bob Dylan, Jim Morrison, Stanley Kubrick, George Lucas, Steven Spielberg und zahlreiche andere Künstler berufen sich auf dieses Buch. Campbell beschreibt den Heros als ein universelles Motiv, das allen Abenteuern zu Grunde liegt, und sich durch sämtliche mythische Traditionen der Welt zieht. Durch umfassende Vergleiche und tiefenpsychologische Deutungen bringt Campbell die Eigenheiten, die Gemeinsamkeiten und die Unterschiede dieser zeitlosen Symbole ans Licht. Der Heros in tausend Gestalten ist das Standardwerk der Mythenforschung – ein Handbuch über die Helden der Menschheitsgeschichte und deren Bedeutung, das auch dem interessierten Laien die Geschichte des Heros verständlich nahebringt. Zeitgemäß neu übersetzt von Michael Bischoff.

The Routledge Companion to Religion and Science Aug 27 2020 The field of religion and science is one of the most exciting and dynamic areas of research today. This Companion brings together an outstanding team of scholars to explore the ways in which science intersects with the major religions of the world and religious naturalism. The collection provides an overview of the field and also indicates ways in which it is developing. Its multicultural breadth and scientific rigor on topics that are and will be compelling issues in the first part of the twenty-first century and beyond will be welcomed by students and scholars alike.

Hindu Spirituality and Virtue Politics Feb 13 2022 Hindu Spirituality and Virtue Politics analyzes the writings of four distinguished thinkers of India: S. Radhakrishnan, Vinoba Bhave, C. Rajagopalachari and A. K. Coomaraswamy. The author argues that there are two distinct visions of how Hindu spirituality is linked to modern liberal politics. The first and more popular vision draws from Vedanta ideals and moves toward a tight fit between spirituality and politics. The second and alternative vision, present in the writings of these four thinkers, is what this book analyzes in detail. Drawing upon myths, symbols and epics rather than the abstract theology of Vedanta, the book explores a subtler and more realistic fit between spirituality and politics. The book highlights that not all thinkers and statesmen who plumbed Hindu spirituality were fanatics or fundamentalists; some of them were inspired by the desire to theorize from indigenous sources.
