The Advisory Function of the International Court of Justice 1946 - 2005 Nov 01 2020 The book provides a comprehensive analysis of the advisory role of the International Court of Justice in light of its jurisprudence and overall contribution over a period of more than 55 years. The author highlights the "organic connection" between UN organs and the Court and the Court's contribution as one of the UN's principal organs to the Organisation. The basic argument of this study is that the advisory function should be understood as a two-sided process involving the interplay between UN organs and the ICJ. The request for and the giving of an advisory opinion is a collective coordinated process, involving more than one organ or part of the Organisation.

Texas Politics Today Oct 01 2020 Delivering unparalleled coverage of Texas institutions, policies and politics, Jones/Maxwell/Crain/Davis/Wlezien/Flores' TEXAS POLITICS TODAY, 19th edition, combines a comparative approach with tightly integrated learning objectives and questions addressing the Texas GOVT2306 Core Objectives. Covering the latest trends and issues, the text reveals the inner workings of Texas elites, interest groups, campaign megadonors and policymakers. Texas Insiders and Politics in Practice features illustrate how real-world politics operate in Texas -- closing the gap between theory and practice. Equipping you to think critically, it offers expanded coverage of ideology and social issues, Texas demographic changes, the importance of Latinos in Texas politics, political polarization, legislative rules changes, districting, voting obstacles, criminal justice reforms and more. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

The Complete American Constitutionalism May 27 2020 Présentation de l'éditeur : "The Complete American Constitutionalism is designed to be the comprehensive treatment and source for debates on the American constitutional experience. It provides the analysis, resources, and materials both domestic and foreign readers must understand with regards to the practice of constitutionalism in the United States. This first part to Volume Five of the series covers: The Constitution of the Confederate States. The authors offer a comprehensive analysis of the constitution of the

Confederate States during the American Civil War. Confederate constitutionalism presents the paradox of a society constitutionally committed to human and white supremacy whose constitutional materials rarely dwell on human bondage and racism. The foundational texts of Confederate constitutionalism maintain that racial slavery was at the core of secession and southern nationality. This volume provides the various speeches, ordinances and declarations, cases, and a host of other sources accompanied by detailed historical commentary."

The USA and The World 2015-2016 Feb 14 2022 Instant interpretive history is a difficult and demanding task, and certainly more of an art than some would suggest. USA and the World describes not only what happened, but puts events in the context of the past and criticizes policy actions as appropriate. The result goes deeper than most of what appears in current publications. Updated annually and part of the renowned "World Today Series," USA and the World presents an unusually penetrating look into America and its relationship to the rest of the world. The combination of factual accuracy and up-to-date detail along with its informed projections make this an outstanding resource for researchers, practitioners in international development, media professionals, government officials, potential investors and students. Now in its tenth edition, the content is thorough yet perfect for a one-semester introductory course or general library reference. Available in both print and e-book formats and priced low to fit student budgets.

Complete International Law Aug 30 2020 Includes bibliographical references and index.

The USA and The World 2013 Sep 11 2021 USA and the World endeavors to describe not only what happened, but to put events in the context of the past and to criticize policy actions as appropriate. The result goes deeper than most of what appears in current publications.

The United Nations System Jan 22 2020 Focusing on the legal rather than political aspects of the United Nations, White (international organizations, U. of Nottingham) evaluates the goals, purposes, and values of the UN system, analyzes the institutional machinery created to fulfill those purposes, examines the implementation of the organization's goals, and comments on the UNOs effectiveness in the key areas of security, justice, human rights, the environment, and economic development. White intends this academic text to provide a useful basis from which to consider the long-term effects of recent dramatic world events, and the responses of the international community.

Oxford Principles of European Union Law Dec 03 2020 Since the 1957 Rome Treaty, the European Union has changed dramatically - in terms of its composition, scope and depth. Originally established by six Western European States, the EU today has 28 Members and covers almost the entire European continent; and while initially confined to establishing a "common market", the EU has come to influence all areas of political, economic and social life. In parallel with this enormous geographic and thematic expansion, the constitutional and legislative principles underpinning the European Union have constantly evolved. This three-volume study aims to provide an authoritative academic treatment of European Union law. Written by leading scholars and practitioners, each chapter offers a comprehensive and critical assessment of the state of the law. Doctrinal in presentation, each volume nonetheless tries to present a broader historical and comparative perspective. Volume I provides an analysis of the constitutional principles governing the European Union. It covers the history of the EU, the constitutional foundations, the institutional framework, legislative and executive governance, judicial protection, and external relations. Volume II explores the structure of the internal market, while Volume III finally analyses the internal and external substantive policies of the EU.

Constitutionalism and the Role of Parliaments Apr 06 2021 Modern constitutionalism has put a lot of hopes in parliaments but there is some consensus that these hopes have not been entirely fulfilled. At the same time, the role of parliaments in contemporary democracies continues to evolve as parliaments are faced with new challenges. How should they react to the new forms of executive and administrative action? Should they play a role in upholding judicial independence, although the latter is frequently seen as independence from parliament as well as the executive? How should they contribute to the protection of fundamental rights? The book aims at providing some answers to

these questions by first setting the historic scene, giving a comparative overview of the modern history of a selection of major European deliberative institutions (UK, France, Germany and the European Parliament). The book then looks at themes around the doctrine of separation of powers, especially aspects of the relationship between parliament and the executive power and parliaments' role and attitude regarding the judiciary with a special focus on the independence of the judiciary in a comparative perspective.

The USA and The World 2020-2022 Jun 08 2021 The USA and The World 2020-2022 provides students with vital information on these countries through a thorough and expert overview of political and economic histories, current events, and emerging trends.

Lucius Q.C. Lamar: His Life, Times, and Speeches. 1825-1893 Jun 28 2020

American Presidential Power and the War on Terror: Does the Constitution Matter? Sep 23 2022 This book examines the use of presidential power during the War on Terror. Justin DePlato joins the debate on whether the Constitution matters in determining how each branch of the federal government should use its power to combat the War on Terror. The actions and words of Presidents George W. Bush and Barack Obama are examined. DePlato's findings support the theory that executives use their own prerogative in determining what emergency powers are and how to use them. According to DePlato, the Presidents argue that their powers are implied in Article II of the Constitution, not expressed. This conclusion renders the Constitution meaningless in times of crisis. The author reveals that Presidents are becoming increasingly cavalier and that the nation should consider adopting an amendment to the Constitution to proffer expressed executive emergency powers.

GOVERNMENT Oct 25 2022

International Organizations and the Idea of Autonomy Jul 22 2022 International Organizations and the Idea of Autonomy is an exploratory text looking at the idea of intergovernmental organizations as autonomous international actors. In the context of concerns over the accountability of powerful international actors exercising increasing levels of legal and political authority, in areas as diverse as education, health, financial markets and international security, the book comes at a crucial time. Including contributions from leading scholars in the fields of international law, politics and governance, it addresses themes of institutional autonomy in international law and governance from a range of theoretical and subject-specific contexts. The collection looks internally at aspects of the institutional law of international organizations and the workings of specific regimes and institutions, as well as externally at the proliferation of autonomous organizations in the international legal order as a whole. Although primarily a legal text, the book takes a broad, thematic and inter-disciplinary approach. In this respect, International Organizations and the Idea of Autonomy offers an excellent resource for both practitioners and students undertaking courses of advanced study in international law, the law of international organizations, global governance, as well as aspects of international relations and organization.

The Law of the Federal and State Constitutions of the United States Mar 30 2023 Stimson, Frederick Jesup. *The Law of the Federal and State Constitutions of the United States With a Chronological Study of Their Principles, a Chronological Table of English Social Legislation and A Comparative Digest of the Constitutions of the Forty-Six States.* Boston: The Boston Book Company, 1908. xix, 386 pp. Reprint available July 2004 by The Lawbook Exchange, Ltd. LCCN 2003053950. ISBN 1-58477-369-3. Cloth. \$95. * Stimson wrote this study in response to the rapid development of constitution law that took place around the turn of the century, which he attributes to the social impact of modern industrial capitalism. He notes that the enormous volume of cases regarding "obligation of contract" and "commerce among the states" indicates a general shift in the field from cases dealing with the federal constitution or individual state constitutions to cases involving several constitutions. This book was conceived as a guide to this new terrain. It continues to be an excellent comparative study of the federal and state constitutions. It is more than a series of comparisons, however. As its title suggests, Stimson includes a history of the provisions in each constitution and their origins. "A Valuable piece of work...in the field of legal and constitutional investigation."

Columbia Law Review 8:594 cited in Marke, A Catalogue of the Law Collection at New York University (1953) 403.

The Law of International Organisations Jul 10 2021 This new edition considers the legal concepts that have emerged from a wider political debate to govern vastly differing inter-governmental organisations ranging from the UN to the EU

Texas Politics Today, Enhanced Jul 30 2020 Delivering unrivaled coverage, TEXAS POLITICS TODAY, ENHANCED, 18th Edition combines a comparative approach with tightly integrated learning objectives and questions addressing the Texas GOVT2306 Core Objectives. Reflecting the latest trends and issues, it offers expanded coverage of ideology and social issues, Texas demographic changes, the rising importance of Latinos in Texas politics and the growing role of social and digital media. It also includes a special focus on immigration, LGBT politics, gun control policies, abortion laws and the culture wars in education. First person essays from the governor, political activists, campaign consultants and others illustrate how Texas politics works in real-world practice. Closing the gap between political theory and reality, the text gives you a clear understanding of how Texas compares with other states. The USA & the World 2012 Dec 15 2021 Describes the diplomatic history, basic principles of the political system, fundamentals of the economy, and the demographics of the United States.

A Detailed Analysis of the Constitution Feb 26 2023 The Constitution of the United States and its amendments are clearly explained phrase-by-phrase in this revised edition. Through instantaneous communication by audio and visual mass media, contemporary American society is constantly made aware of the vital impact of the national Constitution and its interpretations with regard to political, economic, and social issues. This concise analysis of the meaning of the Constitution, with expositions of the history and principles of constitutionalism, should provide better understanding of and respect for the basic law of the land. Intended to supplement standard texts in history and government and to serve as a reference for all interested citizens.

The Law of the Executive Branch Feb 02 2021 The Law of the Executive Branch: Presidential Power places the law of the executive branch firmly in the context of constitutional language, framers' intent, and more than two centuries of practice. Each provision of the US Constitution is analyzed to reveal its contemporary meaning and in concert with the application of presidential power.

The Constitutional Roles of Congress and the President in Declaring and Waging War Apr 30 2023
Texas Politics Today 2017-2018 Edition Jan 04 2021 TEXAS POLITICS TODAY is the standard in its coverage of Texas institutions, policies, and politics. It combines a comparative approach with tightly integrated learning objectives and questions addressing the Texas GOVT2306 Core Objectives. The text closes the gap between theory and practice with its *Insiders* and *Politics in Practice* features. The text reveals the inner workings of Texas elites, interest groups, campaign megadonors, and policy makers. The authors tapped their resources among political activists and officeholders to provide students with exclusive essays written by essayists ranging from the governor to campaign consultants to marijuana advocates, showing students how real-world politics operates in Texas. Texas Politics Today stimulates critical thinking and civic participation with a special focus on current political issues ranging from immigration, LGBT politics, gun control policies, abortion laws, and Latino politics to the culture wars in education. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

The USA and The World 2014 Oct 13 2021 Instant interpretive history is a difficult and demanding task, and certainly more of an art than some would suggest. USA and the World describes not only what happened, but puts events in the context of the past and criticizes policy actions as appropriate.

Supreme Court Expansion of Presidential Power Apr 18 2022 In the fourth of the Federalist Papers, published in 1787, John Jay warned of absolute monarchs who "will often make war when their nations are to get nothing by it." More than two centuries later, are single executives making unilateral decisions any more trustworthy? And have the checks on executive power, so critical in the Founders' drafting of the Constitution, held? These are the questions Louis Fisher pursues in this book. By examining the executive actions of American presidents, particularly after World War II, Fisher reveals how the Supreme Court, through errors and abdications, has expanded presidential power in external affairs beyond constitutional boundaries—and damaged the nation's system of checks and balances. *Supreme Court Expansion of Presidential Power* reviews the judicial record from 1789 to the present day to show how the balance of power has shifted over time. For nearly a century and a half, the Supreme Court did not indicate a preference for which of the two elected branches should dominate in the field of external affairs. But from the mid-thirties a pattern clearly emerges, with the Court regularly supporting independent presidential power in times of "emergency," or issues linked to national security. The damage this has done to democracy and constitutional government is profound, Fisher argues. His evidence extends beyond external affairs to issues of domestic policy, such as impoundment of funds, legislative vetoes, item-veto authority, presidential immunity in the Paula Jones case, recess appointments, and the Obama administration's immigration initiatives. Fisher identifies contemporary biases that have led to an increase in presidential power—including Supreme Court misconceptions and errors, academic failings, and mistaken beliefs about "inherent powers" and "unity of office." Calling to account the forces tasked with protecting our democracy from the undue exercise of power by any single executive, his deeply

informed book sounds a compelling alarm.

The USA and The World 2012 Aug 11 2021 Instant interpretive history is a difficult and demanding task, and certainly more of an art than some would suggest. USA and the World endeavors to describe not only what happened, but to put events in the context of the past and to criticize policy actions as appropriate. The result goes deeper than most of what appears in current publications. USA and the World is solid enough to be useful for those who write future books in due course. It is meant for the lay reader, but with a special eye to students of all ages.

GOV Mar 06 2021 4LTR Press solutions give students the option to choose the format that best suits their learning preferences. This option is perfect for those students who focus on the textbook as their main course resource. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

GOVT Nov 25 2022 Sidlow/Henschen's GOVT, 11e delivers an accessible and concise overview of American government that engages students of all generations and learning styles. Thorough coverage of the 2020 election includes insights into the presidential, Congressional and state races as well as the number of women and minority group members elected, the impact of campaign finance and the accuracy of public opinion polls. Reflecting the latest political and governmental developments, GOVT also discusses the latest civil rights issues and concerns, Supreme Court decisions through June 2020, liberty during the pandemic, tariffs, constitutional rights of foreigners, presidential pardons and much more. Concise yet comprehensive chapters in a modern design are easy to read, while Tear-Out Review Cards at the back of the book give you a portable study tool for class and test prep. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

The USA and The World 2019-2020 Mar 18 2022 Updated annually and part of the renowned "World Today Series," USA and the World presents an unusually penetrating look into America and its relationship to the rest of the world.

The USA and the World 2022-2023 May 08 2021 The USA and The World 2020-2022 provides students with vital information on these countries through a thorough and expert overview of political and economic histories, current events, and emerging trends.

Constitutional Issues of EU External Relations Law Dec 23 2019 Der vorliegende Band untersucht zentrale Fragen des EU-Außenwirtschaftsrechts. Im Lichte der jüngsten Rechtsprechung werden die verfassungsrechtlichen Grundlagen der EU neu vermessen. Die einzelnen Kapitel untersuchen dabei das Verhältnis der spezifischen EU-Rechtsordnung für das auswärtige Handeln zu den verfassungsrechtlichen Grundlagen der Mitgliedsstaaten.

Law of the European Union Jan 28 2023 An introductory guide for understanding European Law, this title provides a clear and accurate explanation of the institutions and the substantive law, presented in a systematic and logical order for learning and revision.

Federal Administrative Law Dec 27 2022 Federal administrative law is a vast expanse of statutory provisions and case law. This text aims to map these provisions, setting out the case and statute law in a structured and amenable way. Federal Administrative Law commences with discussion of the composition, powers and decision-making processes of the executive government. Then it covers the major remedies available for those who are dissatisfied by a decision of the executive government - reasons for decision, access to information under FOI legislation, judicial review, appeal to the Administrative Appeals Tribunal, review by the Ombudsman, remaking a decision, collateral review and special review. Enright also engages with the perennial conceptual problems of administrative law. Difficulties with separating legislative, executive and judicial power, and in distinguishing between law and fact, are considered insoluble, Enright argues, only because they have not been approached in the right way. Enright argues for going back to basics, emphasising the necessity of asking the right question in the first place. In a similar vein, Enright investigates problems with legitimate expectation in the law of natural justice and argues that difficulties with standing can be treated better by taking a more analytical approach to the interests involved. Federal Administrative Law will serve as a basic text and reference book for those who work in Commonwealth

administrative law. It is written in a clear and easy to read style that will make it suitable as a textbook in undergraduate courses.

International Organizations Mar 25 2020 International organizations have come to occupy a central position in international governance, exercising many public functions and facilitating political debate amongst states and other actors, though it is only recently that the focus of legal discussions has begun to shift to controlling the activities of organizations. This volume assembles sixteen important essays addressing various issues relating to the law of international organizations, highlighting theoretical issues and ongoing political debates and emphasizing issues of control. The introductory essay provides an overview of the development of the politico-legal debate and situates the law of international organizations historically and in its contemporary context.
